

Hello, I'm Sergei. I come from the Czech Republic and I live in Prague, the capital city. That's the largest city in CZ and it's the only city which has got a subway and population above 1 million.

It has got a lot of castles in and nearby. There're also a lot of other sightseeing places, including the famous Charles Bridge and 700-years old Charles University.

There're also a lot of museums and restaurants. People are friendly in CZ, especially in the capital city, but beware of pickpocketers and unfair currency exchanges! (We still have own currency - Czech koruna, people like it and I guess we'll never switch to euro).

There's always a lot of tourists in Prague. The local authority says the numbers are smaller this year, due to coronavirus, but I see the Prague city centre is still crowded with foreigners and there're usual traffic jams.
